Guest Speaker, Wendy Duke

Author of *Grace in the Middle*, Bible teacher, speaker, blogger, sports junkie and mom-on-the-go, who is passionate about loving God and encouraging people.

Wendy Duke *shares her anything but abortion story.* Abortion was the advice that dropped from the doctor's mouth. The words crushed Wendy and Scott Duke when they were told the grim news: their baby girl likely had a chromosomal abnormality. You will not want to miss this incredible story of the priceless value of life. Seating is limited, so make your plans early to attend and support Coastline Women's Center.

Silent Auction to be held prior to the event!
